1. Executive Summary

- **Background and Overview of the Acquisition**
  - Our group aims to expand its U.S. business other than non-cat risks. Our particular focus is on the U.S. MGA* market whose importance as a significant underwriting and distribution channel is rapidly growing.
  - We have decided to acquire 100% of ownership interest in Transverse, a hybrid fronting insurance carrier that partners with MGA and other producers and reinsurers, and will consolidate it as a wholly owned subsidiary under our Group.
  - Transverse holds a strong business network with a variety of distinguished MGAs and will serve as a platform for our group to incorporate the growth of the U.S. MGA market.
  - The acquisition price is US $400 million (around ¥53.8 billion).
  - The acquisition will be funded through Cash on hand.

- **Strategic significance**
  - Expand our business base in the U.S. by capturing growth opportunities in the U.S. MGA and other markets covering a wide range of industries and lines of business. Gain stable fee income from fronting commissions.
  - Enhance operational efficiency through group synergies and leverage profit opportunities within the Group.
  - Strategic allocation of group capital to high growth potential businesses

Transverse is one of the leading fronting companies in the U.S. MGA market. The U.S. MGA market is rapidly growing with key drivers being: Continued market hardening in the E&S* market and insurance professionals newly setting up or transferring to MGAs. Under these circumstances, hybrid fronting insurance carriers providing flexible and tailored fronting and business matching services with reinsurers have emerged and are undergoing significant growth.

**Business Model of Transverse**

- **Strength 1:** Stable income by fronting fee
- **Strength 2:** Disciplined underwriting through risk sharing with MGAs
- **Strength 3:** Selective retention of profitable risks
- **Strength 4:** Licensed in all 50 US states with ability to underwrite variety of programs
- **Strength 5:** Extensive expertise and strong business networks in high-growth MGA market

---

* E&S (Excess & Surplus) market: Market in which risks that are difficult to underwrite in the admitted market and require a high degree of expertise are underwritten under lax regulated supervision by the authorities of each state in the United States. Flexible setting of rates and underwriting conditions is possible.
4. Strengths of Transverse (2) Selection Process of MGAs

- Has a strong network of MGAs/programs by leveraging Transverse’s highly experienced and knowledgeable team for the US MGA space.
- Builds a robust underwriting process and carefully selects MGAs/programs through rigorous Due Diligence, pursuing growth and diversifying its portfolio.

**Marketing**
- Marketing through network with brokers, reinsurers and MGAs

**Preliminary Review**
- Initial evaluation
- Check profitability, alignment with underwriting appetite etc.

**Secondary Review**
- Detailed evaluation
- Program design including direct insurance terms & condition, reinsurance scheme arrangement

**Start Business**
- Start business

- Approx. 10-20% of initial candidates pass through the process and start business.
- Prudent selection of MGA through internal process is highly evaluated by reinsurers
5. Transverse’s Growth Going Forward

- Transverse is expected to grow rapidly with the market growth of MGA/fronting and its strong network with MGAs and brokers.
- Accelerate Transverse’s growth by increasing business opportunities backed by the group’s strong credit rating and leveraging the group’s network and corporate resources.

- Estimation by subtracting Transverse’s net assets at the end of 2021 from total value of acquisition.
- This is subject to change due to price adjustments based on net assets at the end of December 2022.
We are all very excited about this development, and what it will mean for our future growth opportunities. This is a significant milestone for everyone involved in our growth journey and we’re delighted to have found a home in MSI. Its balance sheet strength, rating, and international network will exponentially fast-track our development and innovation. This acquisition cements the success of our business and reiterates the value of our hybrid fronting model as a valuable tool that allows our partners to maximise the market cycle.

MS&AD Insurance Group Holdings, Inc.
The size of the U.S. MGA in 2021 was US$65 billion (around JPY 9 trillion), around 3.6x growth from 2010.

There are more than 700 MGAs in the U.S. market, showing rapid growth.

The E&S market, a key market for MGAs, has grown significantly.

The fronting market with its flexible capabilities is expanding rapidly in line with continued risk diversification.

Whilst premium written by fronting companies is still small (US$8Bil) compared to the overall size of the market, there is high potential for growth.
