Caution Regarding Forward-looking Statements

This document includes “forward-looking statements” that reflect the plans and expectations of MS&AD Insurance Group Holdings, Inc. (the “Company”) with respect to its business and results of operations. To the extent that statements in this document do not relate to historical or current facts, they constitute forward-looking statements. These forward-looking statements are based on the current assumptions and beliefs of the Company in light of the information currently available to it, and involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors may cause the actual results, performance, achievements or financial position of the Company to be materially different from any future results, performance, achievements or financial position expressed or implied by these forward-looking statements. The Company undertakes no obligation to publicly update any forward-looking statements after the date of this document. Investors are advised to consult any further disclosures by the Company in its subsequent domestic filings in Japan.

The risks, uncertainties and other factors referred to above include, but are not limited to: (1) economic conditions in Japan, the United States, Europe and China; (2) the extent of competition faced by the Company from Japan’s other major non-life insurance companies and new entrants in the Japanese non-life insurance market; (3) the extent of further deregulation of the Japanese insurance industry; (4) occurrence of natural disasters in Japan and elsewhere; (5) occurrence of losses the type or magnitude of which could not be foreseen at the time of writing the insurance policies covering such losses; (6) the price and availability of reinsurance; and (7) the performance of the Company’s investments. Further details of potential risks and uncertainties affecting the Company are described in its domestic filings in Japan including the Company’s annual report. More information about Challenger can be found on its website or through its periodic and continuous disclosure announcements available at www.asx.com.au.
1. Background and Strategy

- Formed an alliance from the second half of FY2015 in pursuit of mutual access to annuity markets in Japan and Australia that are expected to expand.
- Investing in Challenger Limited to strengthen strategic relationship and finance Challenger business growth.

**Challenger Limited**
- Seeking to access the annuity market in Japan

**MSI Primary Life**

3. Outline of Challenger Limited

- The management philosophy of Challenger is compatible with the mission of the MS&AD Insurance Group. We can form a business partnership with shared values.

**Challenger’s Strengths**

- A life insurance company with a significant share of the annuity market in Australia
- A unique business model consisting of the competitive annuity business and the funds management business, which has an advantage in various asset classes
- Sustainable growth in earnings in the expanding annuity market
- A management system with sophisticated risk management and governance
- Compatibility between the management philosophy of Challenger, “To provide our customers with financial security for retirement,” and MS&AD’s mission, “Bringing security and safety through the global insurance and financial services business”

### Challenger Principles

**Integrity**
- Being authentic and being accountable for what we say and do

**Working together**
- True collaboration and embracing diversity

**Creative customer solutions**
- Superior customer service and providing innovative solutions to clients

**Commercial Ownership**
- Achieving the best for the client, the business and employees

**Compliance**
- Being responsible for how and what we do
4. Strategic Rationale

• Strengthening alliance between MSI Primary Life and Challenger from FY2016 and accessing Australian annuity market, which is expected to enjoy a significant growth, thereby diversifying risks

MS&AD develops wide operations in the non-life insurance and life insurance markets in Japan and Asia as a market leader and aims to expand its International Business.

Challenger provides retirement annuity and investment products to the retail market and institutional investors in Australia as a market leader and aims for further growth.

✓ Both companies share a management philosophy based on similar corporate cultures
✓ Both companies can enjoy benefits through the strategic alliance

(1) Strengthening the alliance between Challenger and MSI Primary Life
(2) Further diversification of the business portfolio
(3) Pursuing group-wide growth opportunities
• We will seek to maintain and strengthen our stable reinsurance business relationship and will seek to promote the development of new products, using Challenger’s expertise, and the sophistication of longevity risk management.

**Maintenance of the stable reinsurance business relationship**
- Maintain and strengthen the stable relationship, where Challenger assumes reinsurance, to diversify hedges against risk in association with the business expansion of MSI Primary Life

**Joint development of new products**
- Jointly develop new products using Challenger’s achievements and expertise in the annuity market in Australia

**Sophistication of longevity risk management**
- Acquire and utilize Challenger’s risk management expertise, including super-long asset-liability management, and expertise related to longevity risk

**Access to the Australian market**
- Pursue the possibility of access to the annuity market in Australia, using Challenger’s sales network and brand power
(2) Further Diversification of the Business Portfolio

- Expanding the life insurance business from Asia to Australia
- Incorporating the annuity market in Australia, which shows growth potential, and diversifying the business portfolio

Development of MS&AD’s life insurance business

- A leading company in the annuity market in Japan
- Top ranked in the industry based on a unique business model specializing in individual annuity in Australia

Diversification of the business portfolio

(i) Incorporating the growth of the annuity market in Australia
- Diversify the business portfolio through equity investment in the Australian annuity market.
- Incorporate profits of the rapidly growing superannuation market in Australia.

(ii) Incorporating credit investment opportunities overseas
- Incorporate credit investment opportunities in the asset management business mainly in Australia
Further Diversification of the Business Portfolio

(i) Incorporating the growth of the annuity market in Australia

- Given an aging population, the asset management market for retirees is expected to expand fourfold over the next 20 years.
- Investing in Challenger, which has a 90% share in the principal guaranteed products market, demand for which is expected to expand.

Expanding annuity market in Australia

Number of people aged 65 or older in Australia
