## Mitsui Sumitomo Insurance to Acquire Transverse Insurance Group

Mitsui Sumitomo Insurance Co., Ltd. (“MSI”, President: Shinichiro Funabiki), a subsidiary of MS&AD Insurance Group Holdings, Inc. (“the Company”, President: Noriyuki Hara), today announces to commence the procedure to acquire Transverse Insurance Group, LLC (“Transverse”) (the “Acquisition”).

### 1. Background of the Acquisition

The company and MSI have a vision "to create a world-leading insurance and financial services group" seeking expansion of the business in the U.S., the world's largest non-life insurance market.

Managing General Agents (“MGAs”) in the U.S., which have been granted underwriting authority from insurers to sell, bind and manage insurance contracts on their behalf, are enhancing their presence as a distribution channel. The size of the U.S. MGA market in 2021 was approximately 9 trillion yen which is one of the strategic areas where MSI will invest.

Transverse is a non-life insurer that delegates certain functions and authorities to MGAs and transfers risks underwritten by MGAs to reinsurers (commonly referred to as fronting insurers). Through its licenses in all 50 states in the U.S. and strong network with various MGAs, Transverse will serve as a platform for MSI to incorporate the growth of the U.S. MGA market. Furthermore, Transverse sets itself apart from pure fronting insurers through its ability to retain risk, which allows it to share the risk and return with MGAs and reinsurers. This business model has been well received by the market and sustainable growth could be achieved.

MSI views the Acquisition to be a good opportunity to capture the growth of the U.S. MGA market. In addition, as a result of the Acquisition MSI sees a number of potential synergies between MSI and Transverse including enhancing credit rating of Transverse and gain new business opportunities backed MSI’s company’s strong balance sheet.
