MS&AD Insurance Group Holdings got Asia Integrated Reporting Gold Awards

MS&AD Insurance Group Holdings, Inc. (President and Group CEO: Noriyuki Hara) has been honoured with a Gold award in the Large Company category at the 9th Asia Integrated Reporting Awards (“AIRA”) for the second consecutive year. Additionally, it has also been honoured with Gold awards in the CEO Message category.

Regarded as one of the highest recognitions in integrated reporting, this award shows our strong commitment to excellence. It highlights how we include decision-useful information on governance, strategy performance, and our future prospects in our reports.

Rajesh Chhabara, AIRA’s founder and Managing Director of CSWorks, commended “MS&AD’s report sets a benchmark in integrated reporting, exemplifying leadership through the adoption of integrated thinking and a multi-capital framework.”

Integrated reporting is critical in offering a cohesive overview of an organisation’s governance, strategy, performance, and prospects, enabling capital providers to make informed capital allocation. This practice is increasingly pivotal in today’s business landscape, promoting sustainability and enabling companies to demonstrate their value creation journey over short, medium, and long-term horizons.

The AIRA awards are dedicated to honouring reports that embody transparency, integrated thinking and value creation. Winning reports are selected through a multi-layered evaluation process by an independent panel, ensuring that recognitions are awarded to reports that demonstrate exemplary commitment to integrated reporting excellence. Leading companies from 14 countries submitted their entries for the 2023 ASRA.
