Notes:

(*1) The Company adopts reversal method for the quarterly valuation of securities.

(*2) Amount of the devaluation losses on securities for Mitsui Sumitomo Insurance Co., Ltd. (non-consolidated) for the period (a) includes 37.2 billion yen losses on shares of its subsidiary, which is eliminated on a consolidated basis.

(*3) The devaluation losses on securities represented as Aioi Nissay Dowa Insurance Co., Ltd. (non-consolidated) above does not include the adjustment amount (*) under purchase method, which is inherent in consolidated accounting. The adjustment amount for period (a) is 11.7 billion yen, and that for period (b) is 33.6 billion yen.

(*) Under the consolidated accounting, the book value of the securities owned by Aioi Insurance Co. Ltd. and Nissay Dowa General Insurance Co., Ltd. as at business integration was adjusted to the market value of the securities at that time, which has driven up the book value of the whole securities in the consolidated balance sheet. For that reason, the devaluation losses on securities are greater in the consolidated than in the non-consolidated result.
2. Outlook

The Company’s consolidated financial statements for FY 2011 (ending March 31, 2012) are now under preparation. As of today, the Company has not revised the consolidated earnings forecasts announced on February 13, 2012.
