

Second Donation to Aid the Great East Japan Earthquake Relief Efforts

The MS&AD Insurance Group expresses its sincere sympathy and condolences to all who have been affected by the Great East Japan Earthquake and hopes for the swiftest possible recovery of the region.

MS&AD Insurance Group Holdings, Inc. (President: Toshiaki Egashira) has raised over 90 million yen in donations from Group company employees to support all of the regions and people affected by the earthquake. Together with the contribution granted under the “Matching Gift Program for Donation in the Event of Disasters,” Group companies will contribute a total of 150 million yen (*).

We have also raised donations from the overseas subsidiaries and branches of Group companies, which will separately contribute approximately 32.25 million yen. In addition to these efforts, we are also striving to raise donations through our insurance business.

Going forward, MS&AD Insurance Group will continue to provide support to assist all people affected by the earthquake and the recovery of the earthquake-affected regions.

*Includes 60 million yen which was contributed in the first portion of the contribution.

3. Donations from our Overseas Operations

We are also raising donations from employees who work for the Group in regions throughout the world such as Asia, Europe and the Americas. We contributed approximately 32.25 million yen to organizations such as Japanese embassies and the Red Cross Society of various countries, including the matching gift portion donated by the Company.

4. Efforts through the Insurance Business

○ Mitsui Sumitomo Insurance Company, Limited

Part of the donation granted under the “Green Power Supporter (*)” Program will be contributed to support the recovery of earthquake-affected regions through the Great East Japan Earthquake Relief Account of the Government.

* The “Green Power Supporter” program is an initiative in which MSI works together with its customers to protect the environment. MSI contributes funds to environmental conservation projects, in amounts corresponding with the number of cases in the following four areas: online policies, electronic contracting procedures, recycled parts, eco-maintenance and eco-inspection.

○ Aioi Nissay Dowa Insurance Company, Limited

Some of the contributions made in accordance with the number of online policies undertaken are donated to “LIFE 311 (*),” a disaster relief project operated by the organization “more Trees.”

* ”LIFE311” is a project for constructing wooden temporary housing in earthquake-affected areas using locally-produced timber materials.
